Purpose and Values Statement: Inclusion, collaboration, engagement, and intentionality are at the heart of Auburn Main Street's values, guiding our mission to foster a vibrant and connected community.

Auburn Main Street is composed of people like you who live and/or work in Auburn. The people who benefit from having an established main street program are community members, business and property owners, residents young and old, artists, visitors, civic minded individuals, schools, and those who utilize the downtown.

A vibrant downtown helps define a community's identity and is often a source of community pride. That is why it is often referred to as the heart of a community. A vibrant downtown is a big component of quality of life and quality of place serving as a destination that offers employment opportunities, consumer opportunities as well as social interaction and engagement.

As economic development across the Midwest focuses on attracting new jobs, talent, homes, and new residents, quality of life and quality of place take center stage. We invite you to support you local Auburn Main Street organization, our annual sponsors understand that an attractive downtown is good for the community and good for business.
