Description

The National Auto and Truck Museum is housed in two of the former factory building of the Auburn Automobile Company. Over 80,000 square feet of vehicles on display; NATMUS proudly presents over 190 pre and post war cars and trucks; prototype vehicles, vintage gas and oil pumps, muscle cars and even a real 1946 diner. Home of the very rare GM Futurliner #10 (out of only 12 produced) Step back in time and reminisce in these two 1920's buildings from the Auburn Automobile Company that are now listed as National Historic Landmarks. Tour the International Gallery of Trucks and engines, plus a model car/truck and toy collection. Gift shop. Open daily 9-5. The National Auto & Truck Museum is proud to support our Nation's active duty military and their families by being a Blue Star Museum participant. Thank you for your service!
