The Inpatient facility provides the following services:

- Crisis Intervention
- Addiction Services
- Medication Management
- Education on Diagnosis
- Mental Health Education & Recovery Resources
- Individual, Family, and Group Psychotherapy
- Activity Therapy
- Community Re-Integration
- Case Management

Inpatient Care

Our team of psychiatrists, case managers, psychiatric nurses, mental health technicians and other professionals work closely with the individual and their family.

Inpatient Services Include:

- Acute Psychiatric Services
- Addiction Recovery Services

Inpatient Hospital provides:

- Individual needs assessment
- Client goal setting
- Interventions designed to meet personal goals
- Structured programs
- Private client rooms
- A safe environment that focuses on both physical and mental well-being
- Stabilization of symptoms
- Transitional planning for post inpatient care

Inpatient Process

In addition to daily needs assessments, our clients meet with members of their treatment team throughout their stay to ensure the best possible treatment for the individual's own specific needs.

Clients are encouraged to include family members and/or significant others in their treatment process. Medication management is closely supervised by our psychiatrists.

We offer:

- 24-hour professional care from Psychiatrists and Nurses

- Each client is provided with a private room.

- Staff is well versed in a variety of interventions which enable the individual the ability to recover

This hospital's daily charge is \$1,500 excluding medication, doctor services, and labs. Fee Assistance, deductibles, contractual adjustments, and insurance co-pays reduce the client's out-of-pocket responsibility

Substance Use Assistance

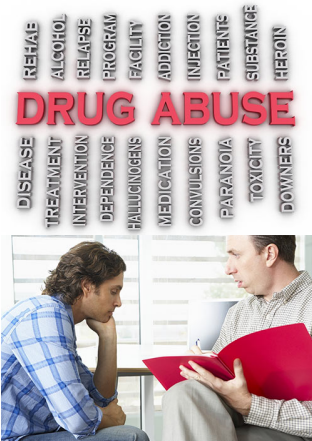

Northeastern Center Inpatient Services offers inpatient addiction recovery services.

We accept clients that need assistance to safely detox from alcohol, benzodiazepines, barbiturates and opiates. Treatment for addiction to other classes of medications/substances will be evaluated on a case by case basis. These cases will be reviewed to determine if the person needs assistance due to psychosis, suicidality, violent behavior or an inability to meet basic daily needs as a result of his or her drug use.

Please contact our Emergency Solutions with any referrals or questions regarding our substance use services. We look forward to serving our community by providing this valuable care to our clients.

Emergency Solutions is a specialized department of Northeastern Center providing the community with urgent mental health care including direct access to our Inpatient Hospital.

To access any of our Inpatient Services you may call our Emergency Solutions line 24-hours a day at [1-800-790-0118](tel:1-800-790-0118).
